

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement ever since the year 1959. Whether the job entails transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler will really help make the job go easier and faster. These units are available with the patented Stabil-Trak stability system in order to ensure operator confidence.

The Lull horizontal load placement system provides eighty inches of boom travel for precision placement capabilities. A wide range of optional attachments is accessible for Lull telehandlers so as to help complete whatever work.
