

Concrete Hoppers

Concrete Hopper - The self-dumping hopper accessory can automatically start to both dump and release whenever the bumper release contacts the side of a dumpster. As soon as dumping is done, the hopper could return to original locked and upright position. This particular piece of machinery also comes with a cable which allows operation from the seat of the lift truck to be able to have the choice of manually dumping the hopper. There is a locking chain provided to secure the hopper to the fork truck. This particular product is made with reliable and consistent robotic welds for utmost strength. The forklift dumping hopper likewise has a blue powder coat finish so as to maintain durability.
